

SUPPLIES

- From our school visits we have heard many teachers are running out of supplies. This not only applies to the academic and trade areas, but also plant/facilities maintenance.
- This topic was raised at the CTHSS/Sub Board meeting on Oct 14th to the board members and the commissioner.
- The issue was raised again Superintendent meeting scheduled for October 27th.
- The superintendent has informed us that principals have been given supply money to distribute.
 - Principals and the business office managers are allocating money to each shop area
- Suggestions offered at the November council meeting;
 - Encourage instructors to be more responsible in the use of supplies and not waste them.
 - Utilize monies and supplies carefully for use by multiple students
 - Free access e-mail to eliminate paper usage
 - Just keep fighting for us with your meetings and keep asking for more in our budgets – keep bringing up at Labor Management
 - Raise production rates
 - Form some sort of cooperation with other unions to purchase supplies
 - Solicit contributions or donations from business and industry
 - Eliminate district wide assessments and save on paper money
