

Teacher of the Year Award Challenge

We have begun preparing for the 2010-2011 Teacher of the Year Program. As past practice, SVFT would like to gift each of the recipients with a small token. For the past several years the gift has been a purchased paperweight.

During the recent rounds of school visits the idea occurred to us that we should be providing our talented teachers and students with an opportunity to design and develop the gift rather than looking to an outside company. As a result, we are proposing the TOY Award Challenge.

- Any trade area that would like to participate is welcome.
- Each shop may submit one proposal idea
- Each proposal must include a cost approximation and production timeline
- Proposals must be received at the SVFT office by **Friday, January 15, 2010**.
- Instructors interested in participating in the TOY Challenge should contact Jan Hochadel either by email jhochadel@svft.org or calling (800) 378-8020
