**ACTION ALERT/ITT PAGE:** State Workers Innovations Surveys Action Alert

**SUBJ:** first\_name: Got an Idea for Innovating Public Service?

First Name;

A few weeks ago, we asked members of SEBAC's unions to share their stories about how budget cuts are affecting them. On January 28th, we met with the Governor and exchanged our ideas on how to help solve the economic crisis.

We showed that once again, public service workers are willing to be a crucial part of the solution.

We'd like the public to hear these ideas as well. We can think of no better way to accomplish this goal than to have **union members who care about public services share their suggestions for increasing government efficiency, improving the delivery of services, and saving taxpayers money.**

If you are a member of one of SEBAC's unions, share those ideas by completing the attached survey. Some of you may have already seen this request in recent emails but we want to make sure that we reach as many respondents as possible. We truly need and welcome your participation.

Also, the SEBAC campaign team has been invited to sit down with reporters and talk about our ideas to increase government efficiency, improve the delivery of services, and save taxpayers money. If you are willing to present your ideas publicly, please let us know by indicating it on the survey.

Thank you for your help in spreading the word!
